The Long Bay is a home designed with entertaining in mind.

It features a beautiful open plan living area allowing family and friends to come together and spend time in the heart of the home. The alfresco features a practical outdoor kitchen that makes entertaining a dream.

When personal seclusion is desired, a brilliant master retreat with an enormous ensuite and walk in robe is located at the front of the home for ultimate privacy. The three remaining bedrooms, all with walk in robes, are located around a central activity area, creating a great zone for children to play or relax.

This Hamptons inspired home will appeal to those with a refined, classic take on design and is sure to impress.
