Longreach

The Longreach design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences.

Specifically designed with the country lifestyle in mind, the Longreach will suit rural, wide and corner sites. The slim rectangular shape assists in positioning on sloping sites that encourages minimal earthworks and impact on the landscape.

Four spacious bedrooms and three elegantly flowing living zones make the Longreach design a functional home with a comfortable feel. Abundant with flexibility to your changing needs, coupled with beautiful inclusions, all rooms come together to create a relaxed and enjoyable environment for you, your family and your guests.

The heart of the home provides a large alfresco area that sits off the open plan living space and borders the generous master suite with walk in robe and ensuite.

From entertaining to movie nights in, it offers a sense of serenity and life. Adding separate zones with an activity room and media room, means there's always a retreat to escape to - it's these extras that make the Longreach design the perfect home live and grow in.
