Stonehaven

The Stonehaven design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences.

Featuring generous open-plan living spaces and good separation, G.J. Gardner Homes' Stonehaven range has been designed for the modern family.

The design includes four bedrooms, activity room, a lounge and/or media room with adjacent study at the front of the home, and a spacious master bedroom with ensuite and walk-in robe to the rear.

At the heart of the home is a stylish kitchen with butler's pantry and breakfast bar, that overlooks the dining area and family room. Here, large stacker doors open on two sides for a seamless connection between internal and external living spaces.
