Our Difference

What continues to set G.J. Gardner Homes stand out from the bidders is the G.J. Way, a level of quality that extends to all we do.

Our homes have been meticulously crafted by our team of architects and designers. Drawing from today's leading home trends, Australian lifestyles and a goal to streamline living, we're world-renowned for our designs. Through our wide and well-connected franchise system, our designs are constantly inspired by real communities and their ways of living across the country. Building hundreds of family homes each year gives us unrivaled knowledge of what makes a house a home.

Ashgrove

With an impressive two-storey frontage, the Ashgrove is designed for sites that slope down to the front of the home and features great separation of private and living spaces.

The entry level provides a double garage and a fourth bedroom with a separate bathroom, with all remaining spaces on the upper floor.

The upper floor is defined in two halves with three bedrooms, a family bathroom and a laundry down one side, while the spacious open-plan living areas flow from front to back on the other.

A separate lounge at the front allows you to retreat and take in the views achieved by elevated living, while the kitchen, family, and dining lead you towards the rear outdoor alfresco and back yard for entertaining.

The master bedroom enjoys the privacy and outlook to the rear of the home and comes with a well-appointed ensuite and walk-in robe.

Ashgrove 261

4 3 2

Lower Floor

Living	36.4 m ²
Garage	38.3 m ²
Porch	2.2 m ²
Total	76.9 m²

Upper Floor

Living	162.8 m ²
Void	6.2 m ²
Alfresco	15.5 m ²
Total	184.5 m²

Grand Total 261.4 m²

The North Point

Oriентate your floorplan with the main living areas positioned due north to ensure your home is optimised for the sun during the day, as well as throughout the seasons.

By getting the right floor plan for your block, taking into consideration the north point, you will get the best out of the land that you've chosen.
